East County Branch of the National Association for the Advancement of Colored People ("Plaintiff" or "ECNAACP") makes the following allegations against Defendant Antioch Unified School District ("Defendant," "AUSD" or "District"):

### NATURE OF THE ACTION

- 1. The ECNAACP brings this action to enforce the terms of the parties' March 25, 2015 Interim Settlement Agreement ("Agreement"), in which the District agreed to address the ECNAACP's allegations that the District engages in a pattern and practice of discriminating against African American students in its disciplinary and special education policies and practices.
- 2. The ECNAACP has received complaints from its members regarding the District's discriminatory disciplinary practices since at least 2004.
- 3. Prior complaints regarding discrimination in the District's disciplinary practices led to a 2009 settlement between the District and the American Civil Liberties Union of Northern California ("ACLU-NC") and 2009 resolution agreements between the District and the U.S. Department of Education, Office for Civil Rights ("OCR"). Prior complaints regarding discrimination in the District's special education policies and practices led to 2010 resolution agreements between the District and the U.S. Department of Education, OCR.
- 4. The ECNAACP continued receiving complaints regarding the District's discriminatory disciplinary policies as well as the identification and evaluation of students with disabilities and the provision of a free appropriate public education (FAPE) in the least restrictive environment (LRE). Based on these complaints and its own investigations, in or around 2013, the ECNAACP presented the district with a request for a structured settlement in lieu of a complaint to remedy enumerated violations under Title VI of the Civil Rights Act of 1964 ("Title VI"), 42 U.S.C. § 2000d *et seq.*, Section 504 of the Rehabilitation Act ("Section 504"), 29 U.S.C. § 794, Title II of the Americans with Disabilities Act, 42 U.S.C. § 12131 *et seq.*, ("ADA"), and the Individuals with Disabilities Act ("IDEA"), 20 U.S.C. § 1400 *et seq.*.
- 5. After more than a year of negotiating the ECNAACP's federal civil rights claims, the parties entered into an Interim Settlement Agreement in 2015. Under the Agreement's terms, the District consented to retain and compensate leading experts in the fields of school discipline,

special education, and social psychology to investigate the ECNAACP's claims and make recommendations to rectify the District's practices.

- 6. The Agreement requires the District to cooperate in good faith with these experts and to provide the experts with access to the necessary information required to enable the experts to write their reports and recommendations. In exchange for the District's performance, the ECNAACP agreed to meet and confer, following receipt of the experts' reports and recommendations, and to attempt to negotiate a final settlement in good faith. If the parties were unable to reach a final agreement about implementing the recommendations, the agreement allows the ECNAACP to pursue all available remedies.
- 7. The District has refused to comply with the terms of the Agreement. Rather than cooperating with the experts, the District has deliberately sabotaged the experts' performance and thus prevented meaningful and timely review of the District's practices. As a consequence, the experts have not been able to complete their investigations or reports.
- 8. The ECNAACP has satisfied all of its obligations under the Agreement to ensure that the experts complete their reports in a timely manner. The District has failed to implement the Agreement and the experts have been unable to perform their duties for at least 8 months. This delay has meant that the harms alleged by Plaintiff to African American students, both with and without disabilities, have gone unaddressed for an entire school year.
- 9. Because of the District's breach of the Agreement and refusal to rectify its noncompliance, the ECNAACP brings this action for specific performance of the Agreement and for declaratory relief pursuant to California Civil Code sections 3384 and 1060, respectively.

#### THE PARTIES

10. The ECNAACP is, and at all times mentioned was, a non-profit corporation incorporated under the laws of the State of California with its principal place of business at 186 E. Leland Rd., Pittsburg, California 94565. The ECNAACP is a local branch of the National Association for the Advancement of Colored People, the nation's oldest and largest civil rights organization. It monitors equal opportunity in the public and private sectors, including in the area of education.

- 11. Among the members of the ECNAACP are parents, grandparents, educators, and other community members who advocate for civil rights in their communities. Members of the organization's Education Committee spend countless hours in the District attending Individualized Education Program ("TEP") meetings, participating in School Board meetings, and assisting African American parents whose children have been disciplined or need special education services.
- 12. The ECNAACP brings this complaint as an organizational complainant on its own behalf, as it is a signatory to the Agreement. Mr. Willie Mims, the ECNAACP's Education Chair, signed the Agreement on behalf of the ECNAACP.
- 13. AUSD is a public entity duly incorporated and operating under California law as a school district, located in Antioch, California. AUSD is the local educational agency ("LEA") responsible for the administration and operation of public schools in Antioch, California and parts of Oakley, California. The District receives financial assistance from the State of California and is funded directly by the State of California to provide educational services to children who reside and/or are enrolled in public schools within its boundaries.
- 14. AUSD is run by an elected Board of Trustees, including Diane Gibson-Gray (President), Walter Ruehlig (Vice President), Fernando Navarro, and Debra Vinson. Former Board President Claire Smith signed the Agreement on behalf of AUSD. The current Superintendent is Stephanie Anello ("Ms. Anello").<sup>1</sup>

#### JURISDICTION AND VENUE

15. Jurisdiction and venue are proper in the Superior Court of California, County of Contra Costa, because (i) the District entered into the Agreement in this judicial district; (ii) the District is located in this judicial district, and was located in this judicial district when the parties entered into the contract; and (iii) the Agreement between the parties, and the obligations

<sup>&</sup>lt;sup>1</sup> Ms. Anello was previously the Assistant Superintendent of Educational Services as well as the Interim Superintendent.

contained therein, were to be performed in the County of Contra Costa. Cal. Civ. Proc. Code §§ 394, 395. The amount in controversy exceeds the jurisdictional minimum.

## **GENERAL ALLEGATIONS**

# The ECNAACP Alleges that the District Discriminates Against African American Students.

- 16. Since at least 2004, the ECNAACP has received complaints from its members regarding the District's discriminatory disciplinary practices against African American students. Complaints regarding discrimination in the District's disciplinary practices led to a 2009 settlement between the District and the ACLU-NC and a 2009 resolution agreements between the District and the U.S. Department of Education, OCR. Additional complaints regarding discrimination in the District's special education policies and practices led to 2010 resolution agreements between the District and the U.S. Department of Education, OCR. The ECNAACP, however, continued to receive complaints thereafter. The ECNAACP accordingly initiated an investigation into the District's policies and practices, its records regarding the District's suspension and expulsion rates and the reasons for such disciplinary practices, and information regarding the District's special education procedures.
- 17. The ECNAACP's investigation revealed troubling findings. Both data and family testimonials demonstrated that the District engages in a pattern and practice of failing to identify African American students in the general education program who have disabilities. The investigation also showed that the District failed to adequately evaluate and provide special education services and supports to African American students with disabilities. Moreover, the District discriminatorily excludes African American students with and without disabilities from the District's educational programs through excessive suspension and expulsions, as well as other forms of exclusionary discipline, which unnecessarily denies students access to classroom instruction.
- 18. The ECNAACP identified three factors that act together to harm African American students through producing disparate rates of suspension and expulsion: (1) the District's failure to identify and serve African American students with disabilities; (2) its subjective discipline

code; and (3) its use of exclusionary discipline rather than educational interventions to address behavioral issues. As a result of these practices, in 2012-2013, African American students represented only 24.8% of the District's student population, yet received 57.3% of all out-of-school suspensions and 61.4% of all expulsions. Further, African American students represented 35.5% of students with disabilities identified under the IDEA, but received 69.3% of all suspensions and 76.2% of all expulsions of IDEA students.

- 19. These disparities have remained essentially unchanged. For example, in 2014-2015, African American students represented only 25.98% of the student population, yet received 59.97% of all out-of-school suspensions and 65% of all expulsions. African American students with disabilities continue to represent an overwhelming percentage of students eligible under the IDEA excluded from classroom instructions. In 2013-2014, the most recent publicly-available data disaggregated by race and disability, African American students were 36.42% of District students eligible for services under the IDEA. Of the students eligible for services under the IDEA, however, African American students were 57.80% of the students receiving at least one inschool suspension; 56.03% receiving at least one out-of-school suspension; 62.56% of students receiving more than one out-of-school suspension; and 50% of students who were expelled. The District's failure to identify African American students with disabilities in combination with its exclusionary disciplinary practices leads already struggling or failing students to fall further behind.
- 20. Rapid demographic change within AUSD has created fertile ground for discriminatory decision-making that impacts educational services, including the imposition of discipline. In 1990, both Antioch and AUSD were more than three-quarters white. Today, Antioch has a majority of residents of color, and AUSD has a majority of students of color. AUSD's administrators, teachers, and pupil services staff remain overwhelmingly white. Some of the discriminatory decision-making is the result of phenomenon such as implicit bias, racial anxiety, and the use of racial stereotypes.
- 21. Research demonstrates that even well-intentioned people have implicit biases that are more likely to influence their behavior amidst such rapid demographic change. Indeed,

AUSD staff members have acknowledged that the District has not yet caught up to the rapid cultural changes in Antioch. Ms. Anello, for example, told the *Contra Costa Times* in October 2013 that "cultural bias," either recognized or unrecognized, is partially responsible for the disproportionate number of discretionary disciplinary referrals of African American students.<sup>2</sup>

- 22. Many teachers who have been accustomed to working with a predominately white student body are anxious around Black children. Many of these teachers have not been exposed to large numbers of Black students and fear that these students are dangerous based on negative stereotypes about "urban" youth.
- 23. Low expectations for African American students also reflect implicit and other biases. Many of the African American students whom the District excludes from its classrooms through excessive discipline have been failing academically for years, with no academic interventions, and no referrals to evaluate the causes of their poor academic performance. On information and belief, when African American parents request a referral for an educational evaluation, the District often rebuffs them, delays a referral, or tells them to provide an outside diagnosis as a condition for receiving an evaluation.
- 24. AUSD evaluations also reflect low expectations: The ECNAACP received testimonials from numerous students demonstrating that AUSD more than once disregarded a struggling African American student's Attention Deficient/Hyperactivity Disorder (ADHD) diagnosis in favor of stereotyping that student as uncooperative, oppositional, or having a behavior disorder. Even when African American students are identified as students with disabilities, AUSD provides sub-standard behavioral plans that require adherence to all school conduct rules, rather than assuring procedural protections. The systemic violations of special education laws result in the disproportionate suspension of African American students with

<sup>&</sup>lt;sup>2</sup> Paul Burgarino, Antioch Unified looks at ways to improve achievement for African-American male students, Contra Costa Times, Oct. 11, 2013,

http://www.contracostatimes.com/contracostatimes/ci\_24293769/antioch-unified-looks-at-ways-improve-achievement-african.

disabilities, often for behavior that could and should be addressed through proper behavioral interventions.

- 25. Based on these findings, the ECNAACP alleged that the District both engages in a pattern and practice of failing to identify students in the general education program who are disabled, and fails to evaluate and provide special education services and support to African American students with disabilities. Moreover, the District discriminatorily excludes African American students with and without disabilities from the District's educational programs by disproportionately imposing suspensions and expulsions, as well as other forms of exclusionary discipline. The disproportionate discipline of African American students with and without disabilities denies these students access to classroom instruction.
- 26. As a result of the District's pattern and practice of discriminating against its African American students, the ECNAACP sought to bring suit under Title VI, 42 U.S.C. § 2000d *et seq.*, Section 504, 29 U.S.C. § 794, the ADA, 42 U.S.C. § 12131 *et seq.*, and the IDEA, 20 U.S.C. § 1400 *et seq.*

# The Parties Begin Negotiating and Enter Into a Structured Negotiations Agreement.

- 27. Beginning in 2014, the parties began discussing the ECNAACP's findings with the goal of negotiating a settlement agreement.
- 28. During January and February 2014, the parties met and entered into a Structured Negotiations Agreement. Mr. Willie Mims attended the meeting on behalf of the ECNAACP, along with ECNAACP's counsel from the Disability Rights Education & Defense Fund ("DREDF"), the Equal Justice Society ("EJS"), and the National Center for Youth Law ("NCYL"). The District was represented by then-Superintendent Donald Gill, as well as the District's former counsel.
- 29. The Structured Negotiations Agreement was intended to: (1) protect the interests of the parties during the pendency of negotiations concerning ECNAACP's claims; (2) provide an "alternative to litigation in the form of good faith negotiations concerning disputed claims over the legality of AUSD's disciplinary practices and special education programs and services"; and

- (3) "achieve the shared goal of providing a timely and complete resolution of the issue[s]." The Agreement was to last for three months.
- 30. After signing the Structured Negotiations Agreement, the parties continued negotiating the ECNAACP's claims. They did not reach an agreement to resolve those claims, however, during the three month period.

## The Parties Continue Negotiating, and Ultimately Enter an Interim Settlement Agreement.

- 31. The parties' negotiations continued after the expiration of the Structured Negotiations Agreement through the course of 2014 and into 2015. During that time, the ECNAACP continued receiving complaints from African American students and parents regarding the District's discriminatory disciplinary and special education policies. The ECNAACP continued to highlight these issues to the District as part of the ongoing negotiations.
- 32. After months of negotiations and multiple discussions and meetings, on March 25, 2015, the ECNAACP and the District agreed to an Interim Settlement Agreement. The Interim Agreement is attached as Exhibit A to this Complaint. The Agreement was signed by Mr. Willie Mims on behalf of the ECNAACP and then-AUSD Board President Claire Smith, as well as counsel representing both parties. (*See* Ex. A.) The Agreement was intended to provide interim procedures pending complete resolution of the parties' claims in a final settlement agreement.

### **Terms of the Agreement**

- 33. In light of the ECNAACP's allegations and evidence of the District's pattern and practice of discriminating against African American students, the Agreement requires the District to engage the following experts ("Experts") to perform the following agreed-upon specific tasks:
  - (1) Dan Losen ("Mr. Losen"), Director of the Center for Civil Rights Remedies at the University of California, Los Angeles, to review the District's disciplinary data, policies, and practices;
  - (2) Professor Jeffrey Sprague ("Dr. Sprague") of the University of Oregon, to review IDEA/Section 504 practices, including Child Find practices, and to conduct an assessment of behavioral and academic services; and

- (3) Professor john a. powell ("Mr. powell") and Ingrid Melvaer Paulin of the University of California, Berkeley Haas Institute for a Fair and Inclusive Society, the Center for Policing Equity, Professor Rachel D. Godsil, Director of Research for Perception Institute and Seton Hall University School of Law, and researchers working under their supervision (collectively "Social Psychology Experts"), to examine the relationship between psychological phenomena and disproportionate outcomes. (Ex. A ¶¶ 1.1-1.3.)
- 34. The District specifically requested that the above individuals serve as experts to investigate the District's own policies and practices. The Experts are leading individuals in their field. They are highly qualified to make recommendations to remedy the District's ongoing discriminatory practices.
- 35. The Agreement requires the Experts to collaborate with lead expert Mr. Losen "to produce report(s) specific to the District discussing the experts' findings and proposing necessary remediation if warranted." (Ex. A ¶ 1.4.)
- 36. The Agreement also requires the parties and their counsel to provide the Experts "with information they deem relevant to the experts' assessment and analysis of the District." (Ex. A  $\P$  1.4.) The Agreement therefore encourages and obligates both parties to communicate with the experts.
- 37. Because the District controls access to relevant information, the Agreement further provides that, for each Expert, the District must "cooperate with reasonable requests for information in a timely fashion," and "collaborate with [each expert] in good faith." (Ex. A ¶¶ 2.3, 3.3, 4.3.)
- 38. Indeed, the Agreement outlines in detail each Expert's plan of action, as well as the District's specific obligations with respect to each Expert.
- 39. **Terms of the Agreement Regarding Mr. Losen.** With respect to Mr. Losen, the Agreement specifies that "Mr. Losen will review the District's disciplinary data, practices, and policies," as well as serve as "lead expert," meaning that he will coordinate all review and recommendations of the special education and Social Psychology Experts. (Ex. A ¶ 2.) The Agreement estimates that "Mr. Losen's analysis could take as much as 20 days, including at least

three (3) days on-site and the rest off-site." (Ex. A  $\P$  2.1.) The parties acknowledged that Mr. Losen would "prepare and present a report specific to the District." (Ex. A  $\P$  2.3.) The District agreed to pay Mr. Losen up to \$60,000 plus travel expenses for his work. (Ex. A  $\P$  2.1.)

- 40. The Agreement also outlines the further obligations the District has with respect to Mr. Losen. Under its terms, the District must "ensure Mr. Losen has full access to, and the cooperation of, the District's designated data keeper for the purpose of access to district disciplinary . . . data." (Ex. A ¶ 2.2(a).) The District further agreed that "[t]he District's designated data keeper will consult and collaborate with Mr. Losen in good faith." (*Id.*) The District further agreed to provide Mr. Losen with access to all of the District's Fiscal Year ("FY") 2013-2014 data, all District data going back at least three years, the District's most recent California Longitudinal Pupil Achievement Data System ("CALPADS"), and the District's 2013-2014 Civil Rights Data Collection ("CRDC") data. (Ex. A ¶¶ 2.2(b)-(c).)
- 41. **Terms of the Agreement Regarding Dr. Sprague.** With respect to Dr. Sprague, the Agreement states that Dr. Sprague will "serve as the special education expert," and will specifically "complete an assessment of the District's Special Education Programs." (Ex. A ¶ 3.1.) The Agreement provides additional details regarding the scope of Dr. Sprague's work in Appendix A attached to the Agreement. (Ex. A, Appendix A.) The District acknowledges in the Agreement that Dr. Sprague's initial analysis could take as long as 30 days, including five (5) to ten (10) days on-site and the rest off-site. (Ex. A ¶ 3.2.) The parties acknowledged that Dr. Sprague would "prepare and present a report specific to the District." (Ex. A ¶ 3.4.) The District agreed to pay Dr. Sprague up to \$60,000 plus travel expenses for his work. (Ex. A ¶ 3.2.)
- 42. As with Mr. Losen, the Agreement requires the District to "ensure Dr. Sprague has full access to, and the cooperation of, the District's designated data keeper for the purposes of Dr. Sprague's analysis." (Ex. A ¶ 3.3(a).) The District must further ensure that its "designated data keeper consult[s] and collaborate[s] with Dr. Sprague in good faith." (*Id.*) The District further agreed to provide Dr. Sprague with access to all of the District's FY 2013-2014 Special Education/Section 504 data and IEP/Section 504 Plan files going back at least three years, the District's latest CALPADS entries, and the District's 2013-2014 CRDC data. (Ex. A ¶¶ 3.3(b)-

(c).) Finally, the District agreed "to work in good faith to make administrators and teachers available for participation in survey, interview and other examination" and "to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague." (Ex. A  $\P$  3.3(d).)

- 43. **Terms of the Agreement Regarding the Social Psychology Experts.** With respect to the Social Psychology Experts, the Agreement specifies that the Social Psychology Experts "will serve as experts in psychological phenomena such as 'implicit bias,' 'racial anxiety,' and 'stereotype threat' and coordinate all reviews and recommendations with Mr. Losen." (Ex. A ¶ 4.) The Agreement specifies that the Social Psychology Experts will use data collected by Mr. Losen and/or Dr. Sprague and other qualitative and quantitative organizational analyses, including surveys and other psychological measurements of administrators and teachers, "to provide a diagnosis or opinion as to the systemic effect . . . of [certain] influences, such as 'implicit bias,' 'racial anxiety,' or 'stereotype threat,'" and to provide recommendations for specific interventions that the District should consider to address any such effect. (Ex. A ¶ 4.1.) The District agreed to pay the Social Psychology Experts up to \$20,000 for the initial analysis. (Ex. A ¶ 4.2.)
- 44. The Agreement also specifies the District's obligations with respect to the Social Psychology Experts. It requires the District to ensure that the Social Psychology Experts "have full access to, and the cooperation of, the District's designated data keeper for purposes of their analysis." (Ex. A ¶ 4.3(a).) Furthermore, the District agreed that its designated data keeper would "consult and collaborate with the [S]ocial [P]sychology [E]xperts in good faith." (*Id.*) The District further agreed "to work in good faith to make administrators and teachers available for participation in survey, interview and other examination." (Ex. A ¶ 4.3(b).) Moreover, the Agreement requires the District to "work with [S]ocial [P]sychology [E]xperts towards obtaining the consent of individual administrators and teachers for the teachers' participation in the social psychological measures." (*Id.*) The District further agreed "to facilitate communication with administrators about the social psychological measures" and to "allow reasonable on-duty time for administrators and teachers to participate in the social psychological measures." (*Id.*)

- 45. Both parties agreed that the Social Psychology Experts would keep confidential: (a) notes and recordings of interviews with administrators and teachers; (b) all data and information containing personally identifiable information from administrators or teachers; (c) researcher correspondence, notes, and unpublished opinions derived from or that would reveal other confidential data; and (d) any other records or data containing personal information and personally identifiable data that the parties so designate during the terms of the Agreement. (Ex. A ¶¶ 4.5(a)-(d).)
  - 46. The Agreement further specifies a framework for dispute resolution:
- 47. **First**, the parties agreed that the Experts would complete their reports and recommendations by December 31, 2015. The parties agreed to extend this deadline for "good cause and with the consent of the Parties." (Ex. A ¶ 5.1.)
- 48. **Second,** the parties agreed to meet and confer, on a date to be determined, following receipt and review of the experts' reports and recommendations. (Ex. A ¶ 5.2.)
- 49. **Third,** the parties agreed to negotiate a final settlement agreement in good faith within the parameters of the expert recommendations. (Ex. A  $\P$  5.2.)
- 50. The Agreement specifically states that only if the parties cannot reach a resolution regarding the experts' recommendations can the ECNAACP bring suit. (Ex. A ¶ 5.2.)

# The District Has Refused to Comply With the Terms of the Agreement.

51. The District has failed and refused, and continues to fail and refuse, to perform the conditions of the Agreement. Specifically, the District has refused to cooperate and work in good faith with the Experts, has failed to respond to requests for information, and has impeded the Experts from performing the tasks necessary to finalize their reports and recommendations. The District's failure to comply with the Agreement with respect to each Expert is set forth below.

#### The District Refuses to Cooperate With the Social Psychology Experts.

52. The District has failed to perform its obligations under the Agreement with respect to the Social Psychology Experts, specifically, and without limitation, by (1) failing to work in good faith to make administrators and teachers available for participation, survey, interview, and

other examination; (2) failing to work with the Social Psychology Experts toward obtaining the consent of individual administrators and teachers for participation in the social psychological measures; (3) failing to facilitate communication with administrators about the social psychological measures; and (4) failing to allow for reasonable on-duty time for administrators and teachers to participate in the social psychological measures. (Ex. A ¶¶ 4.3(b).)

- 53. The District Has Stymied the Experts' Attempt to Obtain the Consent of Individual Administrators and Teachers for Participation in Social Psychological Measures. The District has sabotaged the Experts' attempts to secure District employees' participation in the social psychological measures necessary to perform the Social Psychology Experts' investigation and analysis.
- 54. Under the Agreement, the Social Psychology Experts were to survey teachers and administrators regarding implicit bias issues. As detailed above, the District is required to work with the Social Psychology Experts to obtain individual administrators' and teachers' consent to participate in these social psychological measures.
- 55. The Experts discussed their proposed survey with the District in September 2015. They expressed their desire for the survey to be administered district-wide and requested the District's assistance in presenting the survey to administrators and teachers union representatives to gain buy-in and consent to the survey instruments.
- 56. The Experts ultimately met to discuss the survey with the District and teacher union representatives in October 2015. The District and union representatives expressed concern that survey information would not be confidential. The Experts explained that information regarding administrators and teachers' personally identifiable information would remain confidential.
- 57. The District's Director of Special Education, Ruth Rubalcava ("Ms. Rubalcava"), attended the October 2015 meeting. Ms. Rubalcava was particularly antagonistic towards the survey specifically and the Agreement generally. Despite the Experts' assurances to the contrary, Ms. Rubalcava, acting on the District's behalf, incorrectly informed union representatives that the Experts' work would not be confidential and that the Experts would be able to identify teachers

by name. Upon information and belief, she warned that the Experts' work would cause the District to fire allegedly "racist" teachers, and that the teachers would be "tools" in a lawsuit against the District.

- 58. Upon information and belief, Ms. Rubalcava knew these allegations were untrue, as she had been present for discussions clarifying the confidentiality provisions of the Agreement. Indeed, the Agreement guarantees the confidentiality of the Experts' data and analysis. This includes all administrators' and teachers' personally identifiable information. (Ex. A ¶ 4.5.) To further dispel these unfounded concerns, the Social Psychology Experts provided the District with an analysis of confidentiality protections associated with the proposed surveys on or about November 14, 2015.
- 59. The Social Psychology Experts' request for teacher and administrator survey participation and information is reasonable. Indeed, the Agreement specifically requires it. (Ex. A  $\P$  4.3(a).) The District has refused to work with the Social Psychology Experts to ensure that they have access to this information. In fact, upon information and belief, the District informed union representatives that participation in the survey was unnecessary.
- 60. Based on the District's overall lack of support for the survey, union representatives discontinued work with the Social Psychology Experts to obtain consent from teachers to participate in the confidential surveys.
- 61. The District's conduct has thus sabotaged the Social Psychology Experts' ability to conduct surveys, interviews, and other examinations of District staff. As a result, the Experts have been unable to perform their analyses and reports under the Agreement.
- 62. To date, the District has failed and continues to fail to work with the Social Psychology Experts towards obtaining the consent of individual administrators and the teachers for participation in the social psychology measures. As a result, the Social Psychology Experts have been unable to move forward with their survey instrument, which is necessary for them to be able to complete their reports and recommendations under the Agreement.

## The District Refuses to Cooperate With Mr. Losen.

- 63. The District has failed to perform its obligations under the Agreement with respect to Mr. Losen, specifically, and without limitation, by (1) repeatedly failing to cooperate with reasonable requests from Mr. Losen in a timely fashion; (2) failing to ensure that Mr. Losen has full access to, and cooperation of, the District's designated data keeper for the purposes of his analysis, and that the designated data keeper consults and collaborates with Mr. Losen in good faith; and (3) failing to allow timely access by Mr. Losen to data possessed by the District. (Ex. A ¶¶ 2.2(a)-(c).)
- 64. The District Fails to Cooperate With Reasonable Requests From Mr. Losen in a Timely Fashion. As the lead Expert, Mr. Losen repeatedly sought to work with the District to assist the Social Psychology Experts in gaining consent from teachers and administrators to participate in social psychological measures.
- 65. Mr. Losen detailed Ms. Rubalcava's attempt to thwart the Expert's work in communications with Ms. Anello in November 2015. He asked the District to address Ms. Rubalcava's behavior and ensure she refrain from further undermining the Experts' investigation. Despite Mr. Losen's expressed concern about her obstructionism, upon information and belief, Ms. Rubalcava continues to serve as a key District contact for the Agreement.
- 66. Moreover, the District's refusal to cooperate with the Agreement or timely respond to the Experts resulted in Mr. Losen requesting an extension, to which the District never responded. On December 28, 2015, Mr. Losen wrote to counsel for both parties, requesting an extension of the due date for his analysis and report. He explained that an extension was necessary primarily due to concerns about whether the District was cooperating in good faith with the Expert team.
- 67. The ECNAACP responded, agreeing to the extension. To date, however, upon information and belief, the District has not responded to Mr. Losen's request.
- 68. The District Fails to Ensure That Mr. Losen Has Full Access to, and Cooperation of, the District's Designated Data Keeper for Purposes of Access to the District's Disciplinary and Related Data. Although the person identified by the District to

respond to the Experts' data requests, Mr. Jason Murphy,<sup>3</sup> provided Mr. Losen with requested data, there were discrepancies between state-reported data and data gathered in conjunction with the 2009 ACLU-NC settlement. Mr. Losen asked the District to explain these discrepancies, but the District did not respond satisfactorily. Given these discrepancies and the District's efforts to stymie the teacher-survey as detailed above, Mr. Losen was thus hesitant to continue his analysis of data provided by the District for his report.

69. The District Fails to Allow Timely Access by Mr. Losen to Data Possessed by the District. The District has also failed to provide Mr. Losen with the complete set of data that he has requested, or in a format the he could easily use. As a result of the District's lack of cooperation, Mr. Losen has been unable to complete any significant analysis or provide any recommendations as outlined under the Agreement.

## The District Refuses to Cooperate with Dr. Sprague.

- 70. The District has also failed to perform its obligations under the Agreement with respect to Dr. Sprague, specifically, and without limitation, by (1) repeatedly failing to cooperate with reasonable requests from Dr. Sprague in a timely fashion; (2) failing to ensure that Dr. Sprague has full access to, and cooperation of, the District's designated data keeper for the purposes of his analysis, and that the designated data keeper consults and collaborates with Dr. Sprague in good faith to allow for timely access by Dr. Sprague to data possessed by the District; and (3) failing to work in good faith with Dr. Sprague to make administrators and teachers available for participation in survey, interview, and other examination, and to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague. (Ex. A ¶¶ 3.3(a)-(d).)
- 71. The District Repeatedly Fails to Cooperate With Reasonable Requests From Dr. Sprague in a Timely Fashion. The District has consistently and repeatedly failed to

<sup>&</sup>lt;sup>3</sup> Mr. Murphy is currently the Director of Educational Services.

cooperate with Dr. Sprague's requests and has not responded to Dr. Sprague in a timely fashion as required by the Agreement:

- 72. For example, on or about July 2015, in accordance with the Agreement, Dr. Sprague drafted a Special Education Services Assessment and Recommendations Proposed Assessment Plan ("Assessment Plan"). Dr. Sprague requested comments on and approval of the Assessment Plan from the District, which were required before Dr. Sprague could move forward with the Assessment Plan.
- 73. Dr. Sprague later sent his assessment plan to counsel for the ECNAACP. Counsel provided Dr. Sprague with comments on or about July 30, 2015. The District, however, did not respond to Dr. Sprague's request for comment.
- 74. Dr. Sprague followed up with the District at the beginning of the 2015 school year. Later in the fall, Ms. Anello phoned Dr. Sprague, asking why "child find" was included in his proposal. Dr. Sprague responded that this was outlined as part of the scope of his work under the agreement. (*See* Ex. A, Appendix A.) Ms. Anello also suggested that Dr. Sprague turn his assessment into an Institutional Review Board ("IRB") proposal so that he could access students' individualized education programs ("IEPs"). Ms. Anello, however, never formally approved the plan.
- 75. On November 19, 2015, counsel for the ECNAACP, at a meeting arranged with the goal of getting the Agreement back on track, urged counsel for the District to edit Dr. Sprague's proposal. Finally, on November 30, 2015, counsel for the District informed Dr. Sprague that it would review the Assessment Plan and acknowledged that the District had received a copy of the Assessment Plan in September 2015.
- 76. On or about December 5, 2015, Dr. Sprague sent counsel for the District another copy of the Assessment Plan. He specifically sent a Microsoft Word (text-editable) version of the Assessment Plan so that counsel for the District could easily provide comments.
- 77. Counsel for the District, however, never provided comments on the Assessment Plan. To this date, the District has failed to provide comments on or approval of the Assessment

27 28 Plan, despite numerous requests from Dr. Sprague. As such, Dr. Sprague has been unable to move forward with his Assessment Plan.

- 78. The District's Point Person for Special Education Has Refused to Collaborate with Dr. Sprague in Good Faith, Thereby Preventing Dr. Sprague from Gaining Timely Access to Data Possessed by the District and Other Information Necessary for His Report. At all relevant times, Ms. Rubalcava has been the point person designated by the District to interface with the Experts around special education. As detailed above, she has undermined the Experts' attempts to gain information necessary for their reports. The District has done nothing to prevent Ms. Rubalcava from stonewalling the Experts' efforts, in violation of the Agreement.
- 79. Ms. Rubalcava has also ignored Dr. Sprague's reasonable requests for necessary information related to special education issues. For example, on or about August 28, 2015, Dr. Sprague attempted to contact Ms. Rubalcava in order to begin his research and set up site visits. He received no response from Ms. Rubalcava.
- 80. Moreover, on or about October 2015, Dr. Sprague attempted to discuss a checklist and evaluation sheet with Ms. Rubalcava. Again, this was necessary before he could begin his analysis.
- 81. Ms. Rubalcava failed to respond to Dr. Sprague. As such, he was unable to begin his analysis.
- 82. The District Failed to Work in Good Faith With Dr. Sprague to Make Administrators and Teachers Available for Participation in Survey, Interview, and other Examination, and to Facilitate Communication with Administrators and Teachers to Engage in Interviews with Dr. Sprague. Ms. Rubalcava stymied Dr. Sprague's investigation, much in the same way she stymied the investigation of the Social Psychological Experts. She failed to respond to Dr. Sprague's requests for interviews with special education staff. She also failed to respond to Dr. Sprague's requests to schedule site visits to the District, except that she once responded to offer dates that Dr. Sprague had already identified as dates when he was not available.

- 83. The ECNAACP has, on numerous occasions, attempted to work with the District to get the Agreement back on track. The District has repeatedly failed to respond in a timely manner or in a manner demonstrating its commitment to comply with the terms of the Agreement.
- 84. On November 3, 2015, counsel for the District asked to meet with counsel for the ECNAACP. A meeting was set for November 19, 2015.
- District with the intention of getting the Agreement back on track and setting clear deadlines. Counsel for both parties discussed issues including communication and the District's commitment to provide the Experts with access to the Antioch union representative as well as information necessary for their reports. At the conclusion of the meeting, counsel for both parties reached a mutual agreement on how to move forward on these issues, including having more consistent communication between counsel, having joint communication with the Experts, and having a meeting with Ms. Anello in the near future. This mutual agreement was subject to the approval of the District. Counsel for the District informed counsel for the ECNAACP that they would update them with the District's response to the meeting.
- 86. Counsel for the District failed to do so. They provided no updates to the ECNAACP or its counsel regarding the District's response to the November 19 meeting.
- 87. On November 30, 2015, counsel for the ECNAACP emailed counsel for the District and asked for an update regarding the District's response. Counsel for the District responded on November 30, 2015, saying that they would: 1) make edits to Dr. Sprague's proposed Assessment Plan; 2) help to set up meetings between the District and Mr. powell; 3) help to set up a meeting with the union representative to discuss teacher participation in the Social Psychology Experts' study; and 4) speak with Mr. Losen regarding information needed from the District for his study.
- 88. Counsel for the ECNAACP responded on November 30, 2015, asking that the District send dates it was available to meet with Mr. powell. Counsel for the District responded

on November 30, 2015, informing counsel for the ECNAACP that it would meet with the District on December 2, 2015 to determine potential dates for the District to meet with Mr. powell.

- 89. Counsel for the District again failed to set up a meeting with Mr. powell.

  Following these communications, counsel for the District also never contacted counsel for the ECNAACP regarding the District's availability.
- 90. On December 4, 2015, counsel for the ECNAACP contacted counsel for the District, asking for an update regarding the December 2, 2015 meeting between the District and its counsel and whether the District had given counsel potential dates to meet with Mr. powell. Counsel for the District responded that day, informing counsel for the ECNAACP that they did not get dates from the District, but that it would reach out to the District that day and provide the ECNAACP with updates.
- 91. Again, counsel for the District failed to do so. After the above email exchange, counsel for the District had no further contact with counsel for the ECNAACP about the District's availability for a meeting with Mr. powell.
- 92. On January 5, 2016, counsel for the ECNAACP again contacted counsel for the District, requesting that the District update counsel for the ECNAACP regarding the District's response to the November 19, 2015 meeting between counsel for the District and counsel for the ECNAACP. Counsel for the District informed counsel for the ECNAACP that day that it would speak to the District on January 8, 2016 to discuss next steps.
- 93. Counsel for the District again failed to contact counsel for the ECNAACP with an update.
- 94. On January 11, 2016, counsel for the ECNAACP contacted counsel for the District, asking for an update. Counsel for the District responded that it would provide an update on January 22, 2016.
- 95. On or about February 5, 2016, counsel for the ECNAACP learned that the District had terminated the counsel who had negotiated the Agreement and retained new counsel.
- 96. On or about February 24, 2016, the District's new counsel contacted counsel for the ECNAACP, stating that it was reviewing the Agreement and history of the parties'

negotiations. Counsel for the District requested a number of documents relevant to the Agreement, which counsel for the ECNAACP subsequently provided. Counsel for the District also stated that the District had "buyer's remorse" regarding its obligations under the Agreement.

- 97. On March 14, 2016, counsel for the ECNAACP contacted counsel for the District, requesting that the District inform the ECNAACP of its intentions regarding implementing the Agreement. The email requested that the District inform the ECNAACP by March 16, 2016 of how the District would like to proceed. The District did not respond.
- 98. On March 24, 2016, counsel for the ECNAACP again contacted counsel for the District, forwarding its March 14, 2016 email, and again asked that the District respond regarding its intentions. Although counsel for the District responded that day, counsel failed to inform the ECNAACP of its intentions and instead requested a follow-up conference call.
- 99. On March 30, 2016, counsel for the ECNAACP and counsel for the District discussed the Agreement. During the conference call, counsel for the District informed counsel for the ECNAACP that it intended to meet with the District to discuss the possibility of entering into a Final Settlement Agreement. Counsel for the District promised to update the ECNAACP once it spoke with the District, and confirmed it would respond within a week's time.
  - 100. The District's counsel failed to respond within the promised timeframe.
- 101. On Friday, April 8, 2016, counsel for the ECNAACP again contacted counsel for the District, requesting that the District inform the ECNAACP of its intentions. The District again failed to respond.
- 102. On April 20, 2016, the ECNAACP sent the District a demand letter. The letter details the District's noncompliance with the Agreement as well as its refusal to participate in discussions to ensure the Experts complete their reports. The ECNAACP demanded that the District provide written confirmation that it would agree to perform all obligations under the Agreement, including: (1) providing the Experts with information they seek in a timely manner (2) collaborating with each Expert in good faith; and (3) ensuring that Experts are able to complete all necessary investigations by the close of this school year so that they may complete

their reports this summer. The ECNAACP demanded confirmation within ten days of the letter.

The Demand Letter is attached as Exhibit B to this Complaint.

- 103. Counsel for the District responded to the demand on April 29, 2016. Although the District disagreed with the ECNAACP's position, counsel for the District stated that it was willing to move forward in good faith to get the Agreement back on track. Counsel also stated that the District was in agreement with meeting with the ECNAACP and its counsel.
- 104. The ECNAACP responded on May 9, 2016. It requested that the District confirm its agreement to a meeting before June 1 with the ECNAACP, its counsel, the District's Interim Superintendent, and the District's Board of Trustees President. The ECNAACP asked that the District confirm its agreement to such a meeting by May 13.
- 105. On May 13, counsel for the District responded. Counsel did not agree to a meeting by June 1, but rather stated that it would discuss with the District how the District wanted to proceed.
- 106. The ECNAACP confirmed that this response was unsatisfactory on May 31, 2016 date. It demanded a meeting before June 24, and confirmation as such by June 10. The ECNAACP confirmed that it would file suit if the District continued to delay meaningful negotiations.
- 107. The District backtracked from its April 29, 2016 agreement to convene a meeting. It refused to discuss the Agreement unless the ECNAACP provided substantive responses to the District's previously expressed concerns with the Agreement. It also required the ECNAACP to produce all its communications with the Experts, as if such communication would be in violation with the terms of the Agreement, which provides that both parties may freely communicate with the Experts. Finally, the District refused to meet unless the parties attended a JAMS mediation and refused to guarantee the participation of District decision-makers at that mediation.
- 108. Because the District's response was not in good faith, the ECNAACP files this complaint.

# The ECNAACP Has Suffered Harm as a Result of the District's Refusal to Comply with the Agreement.

- 109. The ECNAACP has performed all of its obligations, covenants, and promises under the Agreement and stands ready to perform any such obligations, covenants, and promises that it may be required to perform in the future by the Agreement.
- 110. The ECNAACP, by and through its counsel, has repeatedly worked to ensure that the District complies with its obligations under the Agreement. The District has refused to negotiate in good faith and has repudiated its obligations under the Agreement.
- 111. The ECNAACP has been harmed as a result of District's breach of the Agreement. Because of the District's noncompliance, the Experts have been unable to complete their analyses of the District's policies and procedures in accordance with the Agreement. The ECNAACP refrained from pursuing its legal rights against the District during the pendency of the Agreement in exchange for the District's promise to collaborate with the Experts in good faith. The District has not done so. Meanwhile, the ECNAACP continues to receive reports that the District discriminates against African American students, both with and without disabilities. The District has delayed meaningful efforts to remedy this ongoing harm.
- 112. Relief in the form of monetary damages is inadequate in this case. The Agreement does not provide for monetary compensation if the District breaches the Agreement. Instead, the Agreement is intended to address the District's pattern and practice of discriminating against African American students with and without disabilities. Because monetary damages will not adequately compensate the ECNAACP, the ECNAACP requests that the Court order specific performance.
- 113. Without specific performance, the ECNAACP will suffer irreparable harm, as the District's pattern and practice of discriminating against African American students will continue. Specifically, the District will continue to fail to perform its legal obligation to identify African American students who are eligible for special education services and to provide these students with the services they need and deserve. Moreover, the District will continue to systematically exclude African American students from the District's educational program through its

discriminatory and excessive suspension and expulsion practices, thereby denying such students equal educational opportunities under law.

# FIRST CAUSE OF ACTION (Breach of Interim Settlement Agreement/Specific Performance)

- 114. Plaintiff realleges and incorporates herein by reference each and every allegation contained in paragraphs 1 through 113, inclusive, as though fully set forth herein and made a part hereof.
- 115. On or about March 25, 2015, the ECNAACP and Defendant entered into the Agreement in which Defendant agreed, among other things, to hire and cooperate with experts in the fields of student discipline, special education, and social psychology in exchange for the ECNAACP's agreement to refrain from suing the District for its pattern and practice of discriminating against African American students in the District.
- 116. The Agreement is valid and enforceable. The ECNAACP has performed all conditions, covenants, and promises under the Agreement.
- 117. The Agreement set forth December 31, 2015 as the deadline by which "[a]ll expert reports and recommendations shall be due to the parties." (Ex. A¶5.1.) By reason of the conduct described herein, the District has breached and continues to breach the Agreement by refusing to perform its obligations under the Agreement with respect to each Expert, thereby preventing the Experts from completing their investigations and reports.
- 118. Specifically, with regard to the Social Psychology Experts, the District has also breached the contract, specifically, and without limitation, by (1) failing to work in good faith to make administrators and teachers available for participation, survey, interview, and other examination; (2) failing to work with the Social Psychology Experts towards obtaining the consent of individual administrators and the teachers for participation in the social psychological measures; (3) failing to facilitate communication with administrators about the social psychological measures; and (4) failing to allow for on-duty time for administrators and teachers to participate in the social psychological measures.

- 119. With regard to Mr. Losen, the District has breached the Agreement by: (1) failing to cooperate with reasonable requests from Mr. Losen in a timely fashion; (2) failing to ensure that Mr. Losen has full access to, and cooperation of, the District's designated data keeper for the purposes of his analysis, and that the designated data keeper consults and collaborates with Mr. Losen in good faith; and (3) failing to allow timely access by Mr. Losen to data possessed by the District.
- 120. With regard to Dr. Sprague, the District has breached the Agreement by: (1) repeatedly failing to cooperate with reasonable requests from Dr. Sprague in a timely fashion; (2) failing to ensure that Dr. Sprague has full access to, and cooperation of, the District's designated data keeper for the purposes of his analysis, and that the designated data keeper consults and collaborates with Dr. Sprague in good faith to allow for timely access by Dr. Sprague to data possessed by the District; and (3) failing to work in good faith with Dr. Sprague to make administrators and teachers available for participation in survey, interview, and other examination, and to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague.
- 121. Moreover, the District has failed to communicate with either the Experts or the ECNAACP to extend the timeframe for completion of the Agreement under the process provided in the Agreement at paragraph 5.1. (Ex. A  $\P$  5.1.)
- 122. On or about April 20, 2016, Plaintiff made demand on Defendant for specific performance of the Agreement, but Defendant has failed and refused and continues to fail and refuse to perform as required under the Agreement.
- 123. Because the Agreement requires the District to perform specific obligations to address the ECNAACP's discrimination claims and does not provide for monetary relief, the ECNAACP cannot be adequately compensated for Defendant's breach, and accordingly has no adequate remedy at law.
- 124. As a result of the District's breach, the ECNAACP and its members will suffer continuing and irreparable harm as described herein. The ECNAACP and its members will continue to suffer from the District's discriminatory practices. Without proceeding with the

Agreement to a final settlement agreement, the ECNAACP will incur significant costs in pursuing legal remedies to address this discrimination. These costs may only be avoided through the District allowing the Experts to complete their reports so that the parties may negotiate implementation of the Expert's recommendations.

125. Accordingly, the ECNAACP requests the issuance of an order of specific performance directing Defendant to comply with its obligations under the Agreement, in the form of a preliminary injunction and/or permanent injunction as set forth with particularity below.

# SECOND CAUSE OF ACTION (Declaratory Relief)

- 126. Plaintiff realleges and incorporates herein by reference each and every allegation contained in paragraphs 1 through 125, inclusive, as though fully set forth herein and made a part hereof.
- 127. The facts set forth above establish a present and actual controversy between the parties as to their legal rights and duties under the Agreement. The ECNAACP contends that the District has breached and continues to breach its obligations under the Agreement. The ECNAACP is informed and believes that the District contends that it is not in breach of the contract.
- Agreement to declare the Agreement, or any term thereof, terminated, and that the District has a surviving obligation to comply with the terms of the Agreement, including: (1) cooperating with reasonable requests for information from the Experts in a timely fashion; (2) ensuring the Experts have full access to, and the cooperation of, the District's designated data keeper for purposes of their analysis; (3) ensuring that the District's designated data keeper consults and collaborates with the Experts in good faith; (4) allowing timely access to Mr. Losen and Dr. Sprague of data possessed by the District; (5) working in good faith with Dr. Sprague to make administrators and teachers available for participation in survey, interview, and other examination, and to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague; (6) working in good faith to make administrators and teachers available for participation in survey,

interview and other examination; (7) working with the Social Psychology Experts towards obtaining the consent of individual administrators and the teachers for the teachers' participation in the social psychological measures; (8) retracting prior false, undermining, or fear-inducing statements made to union representatives or staff regarding the Experts, and refraining from issuing any additional misinformation or any threatening language, implied or otherwise, to staff within the District about their participation in the social psychological measures; and (9) facilitating communication with administrators about the social psychological measures and allowing reasonable on-duty time for administrators and teachers to participate in the social psychological measures.

129. Accordingly, the ECNAACP seeks a declaration from the Court as to the parties' respective rights and obligations under the Agreement.

## PRAYER FOR RELIEF

WHEREFORE, Plaintiff prays that this Court enter a judgment in Plaintiff's favor and against Defendant as follows:

1. That Plaintiff be awarded specific performance in the form of a preliminary injunction and/or permanent injunction enjoining Defendant, their representatives, principals, officers, directors, servants, employees and agents, and all persons and entities acting thereunder, in concert to comply with its obligations under the Agreement, and any other provisional relief which the Court deems just and proper, as follows: (1) cooperating with reasonable requests for information from the Experts in a timely fashion; (2) ensuring the Experts have full access to, and the cooperation of, the District's designated data keeper for purposes of their analysis; (3) ensuring that the District's designated data keeper consult and collaborate with the Experts in good faith; (4) allowing timely access to Mr. Losen and Dr. Sprague of data possessed by the District; (5) working in good faith with Dr. Sprague to make administrators and teachers available for participation in survey, interview, and other examination, and to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague; (6) working in good faith to make administrators and teachers available for participation in survey, interview, and

other examination; (7) working with the Social Psychology Experts towards obtaining the consent of individual administrators and the teachers for the teachers' participation in the social psychological measures; (8) retracting prior false, undermining, or fear-inducing statements made to union representatives or staff regarding the Experts, and refraining from issuing any additional misinformation or any threatening language, implied or otherwise, to staff within the District about their participation in the social psychological measures; and (9) facilitating communication with administrators about the social psychological measures and allowing reasonable on-duty time for administrators and teachers to participate in the social psychological measures.

- 2. For a declaration that Plaintiff is correct in its contentions that: (1) the Agreement is valid and enforceable; (2) the Agreement requires (a) cooperating with reasonable requests for information from the Experts in a timely fashion; (b) ensuring the Experts have full access to, and the cooperation of, the District's designated data keeper for purposes of their analysis; (c) ensuring that the District's designated data keeper consult and collaborate with the Experts in good faith; (d) allowing timely access to Mr. Losen and Dr. Sprague of data possessed by the District; (e) working in good faith with Dr. Sprague to make administrators and teachers available for participation in survey, interview, and other examination, and to facilitate communication with administrators and teachers to engage in interviews with Dr. Sprague; (f) working in good faith to make administrators and teachers available for participation in survey, interview, and other examination; (g) working with the Social Psychology Experts towards obtaining the consent of individual administrators and teachers for the teachers' participation in the social psychological measures; (h) retracting prior false, undermining, or fear-inducing statements made to union representatives or staff regarding the Experts, and refraining from issuing any additional misinformation or any threatening language, implied or otherwise, to staff within the District about their participation in the social psychological measures; and (i) facilitating communication with administrators about the social psychological measures and allowing reasonable on-duty time for administrators and teachers to participate in the social psychological measures.
- 3. That Plaintiff be awarded its costs and reasonable attorneys' fees, to the extent permitted by law.

1	4. That this Court order such other and general and equitable relief as it deems just		
2	and proper.		
3	DEMAND FOR JURY TRIAL		
4	Plaintiff hereby demands trial by jury of all issues so triable under the law as provided by		
5	California Civil Procedure Code section 631.
